

CONSENT FOR ACCESS TO PROPERTY

Name: **Oberwill Corp.**

Address of Property: **Block 5038, Lot 97**
366-394 Wilson Avenue Rear
Newark, Essex County, New Jersey

I consent to officers, employees, contractors and authorized representatives of the United States Environmental Protection Agency (EPA) entering and having access to the property referenced above (the "Property") through August 26, 2019, in order to conduct sampling and other activities for a remedial investigation and feasibility study at the Pierson's Creek Superfund Site in Newark, New Jersey. The activities will include:

1. The taking of such soil, sediment and water samples from and near an unnamed tributary of Pierson's Creek that runs along the boundary between the Property and the Troy Chemical Corp., Inc. property;
2. The drilling of holes in soil and sediment for subsurface investigation; and
3. Other actions related to the investigation of surface or subsurface contamination, including the cutting or removal of vegetation as needed to facilitate the investigation.

I understand that the activities to be performed on the Property by EPA and its authorized representatives are to be undertaken pursuant to EPA's response and enforcement authorities under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. §§ 9601-9675.

This written permission is given by me voluntarily with knowledge of my right to refuse and without threats or promises of any kind. I acknowledge that I am fully authorized to grant the access described in this Consent for Access.
